### SPARTACAN LEADERS IN BERLIN ARRESTED

(By Associated Press)  
Berlin, Sunday, Jan. 12.—Rose Luxemburg, associated with Dr. Carl Liebknecht in the leadership of the Spartacans, has been arrested by government soldiers according to a report in a paper here. The arrest is said to have been made when the troops were clearing out the central office of the Spartacans last night. Dr. Liebknecht also is reported to have been arrested.

### THE WEATHER

Washington, Jan. 13.—Partly cloudy tonight and Tuesday. Warmer. Fresh south winds.

(By Associated Press)  
Halifax, N. S., Jan. 12.—A wireless dispatch from vessels standing by the U. S. Shipping Board's steamer Castalia, which has been in distress off the coast of Nova Scotia since early Saturday morning, brought news that the rescue of 44 of the crew had begun shortly after nine o'clock today and that one of the relief boats containing 17 men had capsized and two were drowned.

Halifax, N. S., Jan. 13.—The U. S. transport Tuckahoe, reported yesterday heading for this port in a leaking condition, sent word by wireless today that she probably would arrive before night. A naval tug was sent from here last night to convey the steamer but it was believed she was making port under her own steam. The Tuckahoe sailed from New York Thursday for St. Nazaire, France.

## Arrest Chief of Police in Buenos Ayres and Many Government Officials in Wholesale Gathering of Suspects— Armed Civilian Guard Keep Vigilant Watch

### PRESIDENT URGES IMMEDIATE FOOD RELIEF

(By Associated Press)  
Washington, Jan. 13.—President Wilson has sent an urgent message to Senator Martin and Representative Shirley, Chairmen of the Congressional appropriation committee, asking them to present with all possible force and urgency to Congress the need for immediate favorable action on his request for an appropriation of \$100,000,000 for food relief in Europe. The President said European statesmen urged immediate action as a means of stemming the tide of famine and unrest and that food relief was the key to the whole European situation and to the solution of peace.

(By Associated Press)  
Buenos Ayres, Jan. 13.—One hundred and fifty persons suspected of being implicated in a Bolshevik movement aimed at the overthrow of the government have been arrested. Among them are men who were to hold the offices of President and Chief of Police. Armed civilian guards patrolled the streets

### SPARTACANS WILL MAKE LAST STAND

(By Associated Press)  
Berlin, Sunday, 3 p. m. Jan. 12.—The Spartacan forces withdrew from the Hootzow brewery during the night and are preparing to make a last stand in the Silesian railway station on the east bank of the Spree, southeast of the former royal palace. The number of Spartacans at the station is estimated to be 600 including women. The station and the approaches are strongly fortified with machine guns. Among the Bolsheviks' plans cleaned out by government troops as the office of the Russian Bolshevik telegraph agency "Rosta" which served as Bolshevik propaganda headquarters and had a large part in handling the Russian money furnished the Spartacans. Long lists of members of the Spartacan group and anarchists were found. The personnel of the agency which was composed mainly of Russians made a brief resistance but was easily overcome and arrested.

### FAMOUS NEWS EDITOR PASSES AWAY

(By Associated Press)  
Boston, Jan. 13.—Howard Brock, editor of the Boston Traveller since November, 1917 and previous to that for a number of years city editor of the Boston Post, died today of pneumonia at his home in Arlington. He was 37 years of age.

### PEACE SESSION IN PARIS TODAY

(By Associated Press)  
Paris, Jan. 13.—The first actual session of the peace Congress was held today although it was officially designated as one of the series of conversations for laying the groundwork for the structure which will later be presented to the formal assembly of the delegates of all the nations. Today's meeting was expected to deal with the question of organization by which the peace congress will function. It was also expected to make a start toward a decision whether the session

should be under the full observation of the world or secret. The American delegation are primarily concerned with the creation of a league of nations and the making of a just peace. Territorial ambition, local quarrels and rivalry for economic advantage among the European delegates are secondary in the minds of the Americans who are concerned only with the assurance that peace details when worked out will square with the principles to be laid down for the preservation of peace.

### ITALIAN PREMIER IN ROME

(By Associated Press)  
Paris, Jan. 12.—Dionisio Orlando of Italy, left for Rome today. He will return on Thursday or Friday.

### DONE DRY LAW INTERMEDDLING SAYS JUDGE

(By Associated Press)  
Washington, Jan. 13.—The Supreme Court held today that the Reed "demon dry" prohibition amendment prohibits interstate transportation into dry states of intoxicating liquors for beverage purposes even when intended for personal use. Justice McReynolds in a dissenting opinion concurred in by Justice Clark, declared the Reed Amendment is not an interstate commerce regulatory measure but a direct intermeddling with a state's affairs and beyond federal power.

### BOAT OWNERS WON'T SUBMIT TO WAR BOARD

(By Associated Press)  
New York, Jan. 13.—Private owners of New York harbor boats whose employees, together with those of the Railroad Administration, went on strike last week in an attempt to enforce arbitration of their demands for higher wages and an eight hour day, refused today to submit their side of the controversy for decision by the War Labor Board.

## LODGE AND BAIRD STILL OPPOSED

Concord, Jan. 12.—The anti-suffrage headquarters have received telegrams from Senators Lodge of Massachusetts and Baird of New Jersey reporting rumors industriously circulated that they had changed their views on the suffrage question.

In response to inquiry, Senator Lodge, who is the Republican leader of the senate, telegraphs over his signature: "Senators from New Jersey and Massachusetts have not to my knowledge changed their positions."

Senator David Baird of New Jersey telegraphs "I have not changed my views on the subject of the federal suffrage amendment, and if the vote comes up while I am in the senate I will vote the same as before."

The woman's party made the same campaign against Baird that it did against Moses in New Hampshire.

## DOVER

Dover, Jan. 12.—The funeral services of Representative John W. Wesley were held at St. Mary's church Saturday morning at 9:30 o'clock. Many friends were present to pay their tribute to the deceased, including a committee of five appointed by Speaker Tooley to represent the legislature. Requiem high mass was celebrated by Rev. Fr. Quirk. The burials were performed by George H. Sherry, James

H. Dennis, ex-Alderman John Clancy and Alderman Dennis J. Thomas. There was a beautiful floral tribute, including a handsome set piece from the Dover delegation in the legislature. Burial was in the family lot in the Catholic cemetery in Rollinsford.

The funeral services of Lawrence Kivel, youngest son of Chief Justice John Kivel, were held at St. Mary's church Saturday forenoon and were largely attended by relatives and friends. Requiem high mass was celebrated by Rev. John J. Bradley. The bearers were Albert Nelson, Francis J. McDonald, Daniel Ryan and Dennis J. Redden. There was a handsome floral tribute. Burial was in the family lot in St. Mary's new cemetery.

The Baptist Church Bible School Association announce the following list of officers for the year 1918: General superintendent, Charles W. King; superintendent, primary department, Miss Olive Hall; superintendent, beginners' department, Mrs. Leo Parsons; superintendent, home department, Mrs. George Peary; superintendent of social service, Mrs. Martin Bennett; superintendent of teachers and graders, Mrs. C. W. Cross; members of the executive committee, Mrs. George Peary and Miss Olive Hatch.

Hunting deer and other game by airplane is becoming a popular sport with flyers from the aviation camp in South Dixie. The aviators are able to pick out the choice bucks and do their rifle shooting at close range while flying close to the ground. The deer do not seem to see the airplanes.

## HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By adding at any drug store for "Wyneth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyneth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. It's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

## MAY IDENTIFY CHAMBERLAIN

Concord, Jan. 12.—A number of witnesses, among them persons claiming to have seen the suspicious-looking character lurking around the scene of the Clifford murder in South Hooksett at the time of the crime, are to be examined in Concord at 10 o'clock this morning, in an endeavor to identify, if possible, Joseph Chamberlain the man under arrest in connection with the murder, as the suspicious-looking character.

The outcome of this inquiry, it is stated, will have a great influence on the decision as to whether the man will be held for the grand jury or released. Merrimack county officials have announced that sufficient evidence to hold the suspect for the grand jury would be forthcoming on Thursday the time set for a special hearing. If the prisoner will be released, important disclosures are expected today.

Chamberlain is being held under \$1,000 bonds for his personal appearance Thursday afternoon at 2 o'clock before Special Justice William L. Stevens. He was arraigned before Judge Stevens on Saturday under the technical charge of breaking and entering and larceny of 10 from the Clifford, which on the day of the murder, John M. Stark of Concord acted as Chamberlain's attorney.

## NEXT LOAN SCHEDULED FOR APRIL

Washington, Jan. 12.—Opening of the Fifth Liberty loan campaign, April 6, the second anniversary of the declaration of war against Germany, is under consideration by treasury officials, but no decision has been reached. The Third Liberty loan drive started on April 6, 1918, the first anniversary. It is planned to have the campaign run for three weeks and to ask for between five and six billion dollars.

Whether the interest rate will be higher than the 1-1-1 per cent bonus by the last issue depends partly on the movement of the market price of Liberty bonds during the next two months. The bonus will be of short maturity—in the neighborhood of five years.

## HERE & THERE WITH THE SPORTS

Pershing Backs Military Olympic Paris, Saturday, Jan. 12.—A mammoth military Olympic meet to be held in Paris in May or June under the auspices of the American Army for athletes from all the allied fighting forces, is projected in plans announced tonight. Gen. Pershing, the American Commander-in-Chief, who is looking for a keen interest in the plans, is sending a personal letter to the Commanders-in-Chief of the armies of all nations with whom the United States has been associated during the war inviting the officers and men to participate.

Twenty-one allied countries will be asked to take part and it is planned that the games will surpass any other athletic competition ever conducted in the history of sports. The games will be financed entirely by the American Army in cooperation with the welfare agencies now operating with it.

The representative crowd that jammed Montclair hall to its doors at the opening boxing show of the season is proof that Manchester fans want boxing and want it bad. True enough, there were but 600 people in attendance, but when 600 people will attend a bout in which the performers have hardly any repulse it is an indication that a real card should find at least twice that number.

Kewpie Roy of Manchester issued a challenge to any 118 pounder, not specifying whether the duel was only local-wide or universally so, which makes no difference, after all. Battle O'Dee, brother to Flasher Collins, a boy of good repute in the preliminary class, chambered between the ropes to accept the challenge. A bout between Roy and O'Dee would be a hummer for any of the clubs. Both youngsters have the appearance of comers and have put up many smashing bouts before the Boys' club.

If the above quarrellers could be looked for one of our own shows in the near future, the fans would be pleased. Both of these boys are ambitious which means a real entertainment.

## NIGHT TIME FIRE DESTROYS BLOCK IN ROCHESTER

Rochester, Jan. 12.—Rochester was visited tonight by one of the worst fires that has occurred in this city for years. The large Dodge block on Central square and its contents were damaged to the extent of about \$25,000.

The fire was difficult to fight and it was three hours before the all out signal was sounded. The firemen suffered severely from cold.

Ex-Mayor William G. Bradley, who for many years was general manager of the Rochester fair, and is a member of the real estate firm of Preston and Bradley, whose office was on the second floor of the building, was overcome by smoke while entering his office and fell to the floor in the corridor. He was removed from the building by firemen and later was taken to his home on Wakefield street.

Four hotel girls in the telephone office on the second floor showed great courage by remaining at their post of duty until warned to leave the building by the firemen. They used wet handkerchiefs in their mouths to prevent suffocation. The Misses Helen McCauley and Selma Seavey left the building by way of the fire escape, while Mrs. Maude Swain and Miss Mary Hermon reached the street by way of the staircase.

The fire was discovered by Arthur Mortimer, and the alarm from box 17 was pulled in by Edward Emerson, driver of the fire truck.

The heaviest loss among the tenants were F. A. Woolworth and Co., \$5,000; J. A. Weeks, carpet dealer, \$1,000; New England Telephone company, \$4,000; the other occupants of the block whose total damage will amount to \$1,000 are Mrs. Paul Tobin, carpet parlor; Dr. Paul Brown, physician; Red Cross department; "Candy Land," owned by Stanner Brothers; People's Building and Loan association; Preston and Bradley, real estate; Prudential Life Insurance Company; Dr. Percy R. Roberts; Fred B. Small, real estate and insurance; Dr. Sumner W. Pratt, dentist.

The damage to the block is about \$110,000. This block was built in 1908 to take the place of one on the site destroyed by fire March 10, 1908.

There was a partial insurance on all the property burned tonight.

The damage to the Telephone company has deprived Rochester of all telephone connection tonight, including many towns of which Rochester is the central.

The fire originated in the basement around the boilers.

Chamberlain arrived in Manchester

Coincident with the suspect's arrest comes the information that his brother Fred Chamberlain, also a woodchopper by occupation, has been taken into custody and questioned in connection with the murder. He was released, it is stated, upon his giving a signed statement, the contents of which have not been made known outside of the fact that it contains information to the effect that Joseph Chamberlain was in Manchester on Oct. 1, one week after the date of the crime.

A certain resident of Hooksett, a neighbor of the murder victim, upon whom suspicion had at first been cast and whose arrest had been expected, has been exonerated for the present. It was stated, although his appearance as a witness at the trial is considered as of the greatest importance. It was partly through evidence furnished by him that the search for Chamberlain was instituted.

Not much is known of Joseph Cham-

berlain outside of the fact that he was at some time or other employed by Clifford in chopping wood on the latter's large lumber tract. Whether he was still in the victim's employ at the time of the crime is not known. He is alleged, however, to have been one of the last to have seen the aged hermit alive.

Sheriff Wooster stated Friday that Chamberlain had not offered the least resistance when surrounded in the Connecticut town by three officers and gave himself up without even inquiring as to the charge against him, taking his arrest as a matter of course. Although questioned at some length since the arrest, very little information has been obtained from him, it was stated.

## ROCKLAND SUSPECT HELD AT SACO

(By Associated Press)  
Saco, Me., Jan. 12.—Mrs. Raymond Small of Rockland today identified Frank S. Manson, a discharged United States Guard, as the man who assaulted her in Rockland on July 11. He denied it and claims to never saw Mrs. Small before and that he was at Fort Warren, Newport, on that date and that he has never been in Rockland. He claims that he was discharged on Dec. 16 from the service and remained in Boston until Jan. 7. Owing to the similarity of the assault with that of the murder of Mrs. Harry Brown, Manson is being held for the Rockland police.

(By Associated Press)  
Norfolk, Va., Jan. 12.—The navy's largest dirigible balloon, which left Rockaway Beach for a 1500 mile trip

down the coast to Key West, landed at the naval station at Norfolk, this afternoon completing the first leg of her journey. Captain Parker said that the trip was uneventful other than the fact that they suffered from the cold. He will resume his trip today and will reach Hemsweich by night.

## SUFFRAGE LEADERS FEAR SEN. MARVIN

Miss Elsie Hill of Connecticut, who spoke in Manchester on Saturday evening, arrived here on Sunday and after a brief talk before the Moral Trades Forum, took up with Miss Hovey the President of the New Hampshire Society, the local situation. As Senator Marvin is the only senator from this section, they naturally have concentrated upon him in their fight to get the resolution passed by the House through the Senate this week.

According to the Suffrage leaders they had counted on Mr. Marvin, but of late were not so sure of his vote on the resolution. They claimed that he signed the original petition and that before the election agreed to support the Democratic platform which is for suffrage.

Miss Hovey said last evening: "If Senator Marvin votes against the suffrage resolution passed by the House on Thursday, the Democrats will be saddled with a lamentable case of words without deeds." "To a plain citizen it is unbelievable after the Democratic president's appeal to his party to support the Federal Suffrage Amendment after the Democratic nominees (Senator Marvin among them) have declared for it, after Mr. Murebin, the Democratic state chairman has asked his party in the legislature to vote for this resolution, and after we have had Mr. Marvin's signature to a petition embodied in the resolution, Mr. Marvin should be willing even to consider throwing everything to the winds."

## SUNDAY COLDEST OF THE WINTER

Sunday morning was the coldest of the winter with a temperature reading at various parts of this section of the state from eight to twelve below. The cold wave which arrived on the wings of a northwest gale made the night one of the most disagreeable of the winter, and the cold was given into the houses.

During the day the temperature rose until it was ten above at noon and at seven o'clock in the evening it was eighteen above and then gradually dropped so that another zero morning is expected.

In all probability the first ship at the Atlantic will be launched within a week. It is practically completed.

## ARMENIAN RELIEF DRIVE THIS WEEK

The drive in this country for the Armenian and Syrian relief, a fund of \$30,000,000, with which it is hoped to save what is left of the Armenian people, by taking them back to their own country and providing them with the necessary means of gaining a living until they can become self supporting, begins this week.

In this city the actual work of the drive will be started on Wednesday

when the men's teams will arrive the business section, Portsmouth has a quota of 1999 and hopes to get little delay in the start to due to the fact that the supplies did not arrive in time to plan otherwise.

While there are not many Armenians in this city or vicinity, everybody is familiar with the dreadful plight they are in through the war and of the horrible massacre of millions of their people by the Turks and Germans, who sought the opening left by the way to carry out a long cherished plan of exterminating the Armenians and the taking over of all their land and goods. The fact that the Armenians are so far away does not get them the attention of the people like the Belgians, but their plight has been many times worse than that of Belgium. Generous contributions are solicited by the teams, but hard to make that to matter how small your contribution it will help and will go a long way toward once more establishing these people so that they will be protected in the future.

## 21 DIE IN RAILROAD WRECK

(By Associated Press)  
Batavia, N. Y., Jan. 12.—Twenty-one persons were killed and three seriously injured in a rear end collision on the New York Central railroad at South Barron this morning. The Southwest Limited crashed into the rear end of the train ahead which had stopped at the station. Every person in the rear Pullman coach was killed and the car demolished.

There is a difference of opinion between the railroad officials and the Engineer of the Limited. The railroad officials claim that the train was proceeding in every way and that a flagman with four had been sent back to protect the train while the engineer, and he is backed by the fireman, claim that the block was showing clear and he went ahead, thinking he had a clear track and when he saw the other train it was too late to stop the Limited.

## YORK MAN MAKES DISCOVERY TO HARDEN COPPER

H. W. Gregory of York Harbor, employed at the navy yard, has invented a way of tempering copper. Mr. Gregory has worked out his invention at his home in York. During the previous week he brought his test to the attention of experts in Boston and it was pronounced perfect. Today Mr. Gregory submitted to The U. S. a knife with the blades made of copper which were as hard as steel.

The discovery is known as the use of what has been termed the lost art and the Carnegie Institute has been working on a plan to do this work for some time.

### The Sheep Question.

One of the movements of the day in New England in connection with farming is an effort to encourage the keeping of sheep, which in many sections of the eastern states are almost a thing of the past. There is in many parts of New England as good sheep pasturage as there is in the world, but on thousands of these acres there has not been a sheep for years.

During this change from the conditions that prevailed in former days mutton, lamb and wool have advanced greatly in price owing to the lack of adequate supplies. Prices are now such that sheep growing under proper conditions could not fail to be profitable to the growers and highly beneficial to the country, and it is natural and proper that the subject should be given the attention it is receiving.

Not long ago action was taken by the New England Sheep Breeders' Association which resulted in a survey of the sheep raisers in the state, the object being to increase the number of farmers who keep sheep by creating conditions which would encourage the industry. It was pointed out that sheep are decreasing in all parts of the country and that the raising of mutton and wool would not fail to be profitable if conditions were what they ought to be.

And in Massachusetts this subject has received much attention of late. There are some of the best sheep lands in the world in the western part of that state which were formerly well stocked, but few are the sheep to be found upon them today.

It seems to be agreed that the ravages of dogs are the one great drawback to the sheep industry, and for this reason most of those who are interesting themselves in the matter are endeavoring to devise means for lessening this evil. In Massachusetts it has been proposed to have a state dog officer to look after this end of the business, with more stringent laws with reference to the licensing of dogs and keeping them strictly at home.

In that state now—and it is to be presumed that the laws are similar in most of the New England states—any dog known to molest sheep is to be killed, and if the ownership of the dog can be proved the owner is obliged to pay for all damages done. If the ownership of the dog cannot be fixed the damages come out of the dog fund in the county treasury.

This law reads well, but in one sense it does not work well, for the reason that most people hate to testify against a neighbor and compel him to pay a bill of damages when it is so easy to draw the money from the public treasury. As a result there are scores of cases in which damages are paid by the counties, when half the people in the neighborhoods where the damage was done are fully aware of whose dogs did the costly work.

Whether an effectual remedy will be found remains to be seen. It is well that the subject should receive attention, as a revival of the sheep industry would be of large benefit to those engaged in it, and also to the public.

Government officials are planning for the expenditure of about \$300,000,000 on roads this year, and among the definite allotments already made is one of \$175,000 for New Hampshire. This will be good news to the people of the state, in which a larger sum could be advantageously expended, but small favors will be thankfully received.

The first lobbyist has arrived at the state capital with the avowed purpose of doing what he can to bring about the adoption of the purple lilac as the state flower. It can at least be said that such lobbying as this is not dangerous to the public welfare.

The states are stepping into the dry column in groups. Only twelve more are needed to put down Demon Rum on a nation-wide scale. It is no wonder that the liquor interests think it time to do something about it and are getting ready to act.

Governor Bartlett having proclaimed January 17 as Health Day in New Hampshire, it behooves every citizen who can possibly do so to keep his health in a condition which will enable him to properly observe the day.

The pastor of a Massachusetts church is threatening to rope off the rear seats in order to assemble the sparse congregation in the front rows. Wouldn't it be better to go out and rope in enough people to fill the vacant pews?

In spite of the skepticism that may exist in any quarter "world freedom" is steadily coming. American hen owners are now at liberty to dress and sell their fowls, even though they may be laying.

## GIVE US MORE SHIPS

### Portsmouth Navy Yard Should Have Share in Ship Work.

Former Director General C. M. Schuch of the Emergency Fleet said to the shipyard workers "Give us ships." "Ships will win the war," etc. The above is just an introduction to what the Herald has to present and it is as important to Portsmouth as the ships were to the army and navy. We want ships at the Portsmouth Navy Yard to keep this station to the front. A naval station that does not serve the navy as a repair base is unimportant. It was Admiral Winterholy who said to the Herald man in Washington some months ago, Navy Yards are measured in importance as to what service they render the fleet. Give the navy prompt and efficient service when ships are in for overhaul and the station has won its place. This paper has long advocated that more ships be assigned here and that the yard be kept active as a repair station. At one time one of the battle fleets based here as well as the armored cruisers until Von Meyer decided to ship the entire navy at League Island.

The situation today sees New York and Boston jammed with twice as much work as can be handled while we have one ship here and a small gunboat. It is important that this condition be changed and when it is understood in Washington that we want the work and it is properly presented, ships will be ordered here. The battle is on and before it is over ships will arrive for repairs.

## NAVY YARD NOTES

### Will be Named Welles.

One of the new navy destroyers is to be named for Gideon Welles of Connecticut, Secretary of the Navy during the Civil war, and navy officials are anxious to hear from one of his relatives to act as sponsor.

### New Under Yard Comdt.

The Marine Barracks at the Charlestown yard which were placed under the command of the commandant of the district when it was established, have now been placed under the command of the commandant of the yard, Capt. William R. Rush, by a recent order.

### Both Improved.

Yard employees will be pleased to learn of the improvement today in the condition of Martin and Wright, victims of gas and fire on the submarine on Friday.

### Frisco Coming.

The U. S. S. San Francisco one of the mine planting fleet has been ordered to her home port, the local navy yard for general overhauling.

### It Saved Their Lives.

In the rescue of the two workmen in the unfortunate accident on the submarine on Friday last, it is admitted by those on the scene that the timely act of Lieut. James S. Jones of the construction corps, was directly responsible for the saving of the lives of the gas victims, Martin and Wright. Lieut. Jones lost no time in grasping the situation and the fact that he quickly had the compressed air hose placed in the compartment, forcing out the gases, kept both men alive while the workmen were cutting away enough space on the bottom of the

### Ordered to Sea Duty.

Paymaster E. J. Edkins, accounting officer of the yard, has been detached and ordered for sea duty on the U. S. S. Utah.

### Helpers and Machinists.

Nine general helpers and two machinists made up the call for the Industrial Department today.

### Calls on His Father.

Capt. Robert Osborne, U. S. A., son of Lieut. Comdr. Thomas M. Osborne, was the guest of his father at the Naval Prison over Sunday. He will shortly be placed on the inactive list of the army after serving at the school of military instruction at Gainesville, Fla.

All of the discharged soldiers and sailors from this city are finding their jobs waiting for them on their return. At the navy yard the men are being placed as soon as they appear and the Atlantic and Shattuck yards are absorbing all others.

The vote on the resolution to instruct Senators Hollis and Moses to vote for the Suffrage Amendment, will come up in the senate this week and the suffrage leaders are confident that they will have a good majority for the resolution.

Rev. Perry W. Caswell was the speaker at the service for enlisted men at the Y. M. C. A. but at Port Constitution, New Castle, Sunday evening. Previous to the address a song service was held. The scripture was read and prayer offered by Rev. Mr. Caswell. His address was on "Courage," and listened to with interest by his audience.

ship to extricate the men from their perilous position.

### Sent Here from Boston

The cutter Lakewood arrived on Saturday with a cargo of coal. The vessel had previously tied up at the Charlestown yard but was ordered here before any of the cargo was discharged. Some minor repairs will be made on the cutter while she is being discharged.

### To Hurry the Work.

Some of the destroyer fleet at Charlestown yard will get away from that station in February. Docking and repairs on these ships will be made as quickly as possible.

## NOTES FROM THE CAPITAL

On Monday, Jan. 12.—Nothing the legislature is likely to do this week will be of more consequence than the consideration of the prohibition amendment. The question is whether New Hampshire will ratify a proposed amendment to the constitution of the United States to provide for national prohibition of the manufacture and sale of intoxicating liquor.

If this amendment is to be adopted three-fourths of the states must ratify it. There are 48 states and the number necessary to ratify is 36. Up to today only 21 of the states have ratified and 27 states, including New Hampshire, have yet to take action. It will be necessary to secure the support of 15 of the remaining 27 states. It may be of interest to present to one residence a list of states that have ratified this amendment, in the order of ratification with dates:

### States Have Ratified.

Mississippi—Jan. 9, 1918.  
Virginia—Jan. 10, 1918.  
Kentucky—Jan. 11, 1918.  
South Carolina—Jan. 23, 1918.  
North Dakota—Jan. 25, 1918.  
Maryland—Feb. 13, 1918.  
Montana—Feb. 15, 1918.  
Texas—March 4, 1918.  
Delaware—March 18, 1918.  
South Dakota—March 20, 1918.  
Massachusetts—April 2, 1918.  
Arizona—May 21, 1918.  
Georgia—June 26, 1918.  
Louisiana—Aug. 8, 1918.  
Florida—Nov. 27, 1918.  
Michigan—Jan. 2, 1919.  
Ohio—Jan. 7, 1919.  
Oklahoma—Jan. 7, 1919.  
Idaho—Jan. 8, 1919.  
Maine—Jan. 8, 1919.  
West Virginia—Jan. 9, 1919.

### New Hampshire to Ratify.

It will be noticed that over a year has elapsed since the first state ratified. It will also be noticed that Maine and Massachusetts are the only New England states that have taken favorable action. In Vermont the New governor counselled last week against ratification, having been elected as an anti-prohibitionist. Rhode Island and Connecticut are not prohibition states and it is doubtful if they look with favor on the proposed amendment.

But from such information as comes to us, it may safely be predicted that New Hampshire will ratify and that she will be the 22d or 23d state to do so. The resolution to ratify has been introduced into the house of representatives by Clarence M. Collins of Danville and will be voted upon in that house first, then go to the senate. The senate prohibition leader is Andrew J. Hook of Warner. It is a coincidence that at the last session these two men were prohibition leaders in reversed position, Mr. Collins being active in the senate and Mr. Hook being chairman of the committee on liquor laws in the house.

Governor Bartlett in his inaugural recommendation the ratification of the amendment. Both political parties declared for it in their platforms of the late campaign. And yet a campaign is being made against it and in the house of representatives, at least, a very respectable minority will be found voting no.

It is not unlikely that members of the legislature will be influenced by the considerations that New Hampshire is already an prohibitory state by statute and that the whole country will be such by presidential proclamation after the first of July. It will be further represented by the dry forces that prohibition since the first of last May has been beneficial to this state, that further benefits are to be anticipated, that many of the violations and failures of prohibition to prohibit are due to the existence of saloons in Massachusetts and the ease of smuggling over the state line.

On the other hand, the argument will be advanced that the United States constitution is not presumed to be a summary law nor intended to specify what folks may eat and drink, that each community should be left to determine that. New Hampshire having already done so as a state. It will be further argued that such an amendment should be submitted to the people for an expression of opinion.

### Bill to Raise Salaries.

The high cost of living at the legislature this session, in comparison with that of previous years, has led some of the members to consider favorably the introduction of a bill to grant a temporary relief to state officers and employees who are working for small pay. The proposition is to copy the example of Massachusetts and other states and give the lowest salaried and smallest paid officers a flat increase.

The 1700 airplanes called for by the armistice conditions have all been delivered.

## MANSFIELD CLAIMS HE IS INNOCENT

(By Associated Press)

Saco, Me., Jan. 12.—Frank S. Mansfield, charged with an assault upon Mrs. R. D. Smith at Rockland on July 14th and identified by Mrs. Smith as her alleged assailant after his arrest was yesterday taken to Rockland by special officer Wm. W. Welch, by whom the arrest was made. Mansfield claims he recently was discharged as a U. S. guard and was stationed at Fort Adams, Newport, R. I., on the day of the assault.

Mansfield's story as related to the local authorities has many loopholes, according to the latter, who assert that he has made several disjointed statements. He told Officer Welch that

on July 11, the date upon which Mrs. Smith was assaulted, he was serving with D Company, Third Battalion, United States Guards, on and near the docks at Charlestown, Mass. He says he was honorably discharged, Dec. 16, with two other guardsmen, Eli Stone of Portsmouth, N. H., and Edward Evans of Middleboro, Mass.

He told the officials, the latter claim that subsequent to his discharge, he went on a "spree" and wound it up by hiring out at a Washington street employment agency to do woods work in Maine. He says that he was locked in a box car with other woods recruits, at Portland, so he told his inquisitors, he managed to escape from the car, making his way eventually to this city. He has an aunt living here. Her name is Mrs. Shirley.

## CHANGES DIRECTED BY BISHOP GUERTIN

### New Pastor at Exeter and New Assistant for Local Parish.

Rev. Bishop Geo. A. Guertin of the diocese of Manchester, has directed the following changes which assign Rev. Joseph R. O'Connor as curate at Church of the Immaculate Conception in this city and the Rev. Daniel Cotter of Haverhill as pastor at St. Michael's Church, Exeter.

Rev. C. P. Buckley of the local parish has been transferred to Greenfield. Fr. O'Connor is a native of Dunham and was ordained on Dec. 21, 1918 at Manchester by Bishop Guertin. He studied at New Hampshire College and is a graduate of St. Anselm's, Manchester. He completed his theological studies at La Val University, Quebec.

### SUNDAY SERVICE AT WENTWORTH HOME.

The Rev. Mr. Caswell of the Court Street church conducted a religious service at the Wentworth Home for

Invalids on Sunday afternoon, Jan. 12, and gave, in his brief discourse, a fine message of courage and good cheer to his hearers. He was ably assisted by his choir, not a male choir as heretofore, but a mixed quartet: Miss Twombly, soprano; Miss Goodwin, alto; Mr. Hartford, tenor; Mr. Hilbrich, bass; Miss Weston, organist. The musical numbers by the choir were of a high order, two anthems and three sacred songs, bass, soprano and tenor, and there were two familiar hymns, in which all joined who were able to sing.

## PUZZLE FAN'S DEPARTMENT

**The Little Query:** What is a third and a half of a third and a half of ten? Sunday was devoted by many of the puzzle experts to solving this little query. Some of the enthusiasts evidently did not understand the puzzle and the answers varied widely.

Get busy on this little pastime and let's see how you do it out.

Navy Yard Machinist figures it very easily, quickly and he seems to be sure of it. He says:

"Dear Sirs—In answer to the new puzzle in Jan. 11, What is a third, and a half of a third, and a half of ten? One-half of one-third is one-sixth; one-sixth plus one-third is one-half; one-half of 10 is 5; 5 plus one-half is 5.5. Can you beat it?"

**"NAVY YARD MACHINIST."**

School Girl, Atlantic Heights, says it can be done two ways. She doesn't show her method of getting these results, but offers to. Her letter:

"A third and a half of a third and a half of ten: Answer, one way 6 1/2; and another way 2 1/2. If figures are required let us know in your next issue."

**"13-YEAR OLD SCHOOL GIRL."**

**"Atlantic Heights."**

C. R. Congress street, city, just sends in the result he achieved by his work:

Solution of 1-3 and 1-2 of 1-3 and 1-2 of 10:

1/2 of 10 equals 5; 1-3 of 10 equals 3 1/3; total, 8 1/3; 1-3 of 8 1/3 equals 2 7/9; 1/2 of 8 1/3 equals 4 1/6; 2 7/9 plus 4 1/6 equals 6 17/18.

**THAS, ROBIN.**

Congress St., City.

W. L. P. of Holliston, N. H., sends us assistance. He explains it so easily that it's no trouble at all:

What is a third and a half of a third and a half of ten? Ans. 2 1/2.

A third and a half equals 1 1/2, so a third and a half of ten would be 5, and a third and a half of 5 would be 2 1/2.

**W. L. P.**

This puzzle will be changed tomorrow and our readers are requested not to mail answers to this puzzle after tonight. The correct answer will be given in Tuesday's Herald.

## DR. BRIDGMAN GAVE TALK TO ENLISTED MEN

At the meeting for the enlisted men at the Y. M. C. A. on Sunday afternoon Dr. H. A. Bridgman, editor of "The Congregationalist," gave an informal but able talk. Dr. Bridgman was one of a specially appointed group of religious leaders who were sent abroad last fall to observe and report on conditions in connection with the war. He was across six weeks and in his talk he told principally of the men in the service he had met on the other side and their fine spirit.

Previous to his talk there was a hearty praise service and at the conclusion of the service a Fellowship Lunch of assorted sandwiches, fancy cake, doughnuts and coffee was served by Union Hebrew Lodge. Mrs. Daniel Mason was in charge, assisted by a able committee. Nearly 125 men were served and all appreciated the hospitality extended.

## NEW DANCES, NEW MUSIC FOR SHOW

## Prisoners Write Tuneful Melodies for Portsmouth Appearance.

When the prisoners from the Naval Prison came over to the Portsmouth Opera House, on the evening of January 21st, they will bring with them a galaxy of talent that will cause a lot of people to "sit up and take notice."

During the action of the tuneful fairy tale "Creatures of Impulse," they will introduce a dance that at the present time is creating a profound sensation on Broadway. We refer to the "Cachucha" from the "Gondoliers" by Sir Arthur Sullivan, of the famous pair of Gilbert and Sullivan. This talented pair wrote many operatic successes, and are perhaps best remembered by the "Mikado" and the "Pinafore." New York at this time is being treated to a revival of their delightful music, and some who have witnessed this revival, and who have also seen the prisoners in rehearsal, say that the prisoners put on the famous dance from the "Gondoliers" much better than does the chorus of the Broadway production.

Portsmouth is a long way from New York City, and the distance keeps many from enjoying the pleasing music of the Gilbert and Sullivan Revival, and while the prisoners cannot bring New York City to Portsmouth, they can bring out the haunting melodies and beautiful dances of this justly famous pair, and this they will do on the evening of January 21st, at the Portsmouth Opera House, where they will expect to be greeted by that portion of the Portsmouth public who are lovers of good music.

## PERSONALS

The boys will also bring with them two brand-new songs, written and composed by prisoners: "California Sunshine" and "Whispered Dreams." These songs have not been published and will be rendered by a prisoner who is a really fine tenor.

Mrs. A. W. Scarborough is in town for a few days.

Frank Patterson of N. H. College passed the week end with his parents.

Harold Sweetser of N. H. College passed the week end with his parents.

Mrs. Henry Green of Worcester passed the week end with relatives in this city.

Mrs. E. L. Patterson is suffering with blood poisoning as the result of a bad burn.

## IN MEMORY OF PRIVATE WALLACE E. RAND

The Congregational Church at Hye was well filled on Sunday afternoon at 3 o'clock when a service was held to honor the memory of the late Private Wallace E. Rand, who died in France on Nov. 7.

The service was under the auspices of the Junior Order of United American Mechanics, No. 29, of Hye, of which the deceased was a popular member, and that organization attended in a body.

Rev. Mr. Flagg, pastor of the church, opened the service with prayer and Psalm 124, and the reading of the Junior Order of American Mechanics, read the Scripture after which a vocal selection was rendered by the church choir.

Rev. Mr. Flagg in his memorial address spoke of the great cause in which the young man fought and had made the supreme sacrifice. Private Rand was a young man of fine characteristics, upright and home-loving, and the pastor spoke of his fine many qualities, and the sorrow his death caused his family and friends. A prayer followed the address and the choir sang an appropriate selection.

The congregation remained standing while the parents and relatives of the young soldier passed out, followed by the lodge in a body.

A telegram from the War Department on Dec. 6 brought the sad message to the parents of Wallace E. Rand of Hye that his death had occurred in France on Nov. 7 of homicidal pneumonia.

The news came as a great blow to the family, who were hoping in the not far distant future to have the young soldier with them at home again.

Private Wallace E. Rand, enlisted with the 11th Railway Engineers' Call and went across with the first 25,000 who saw active service in France. He enlisted a year ago last July, and was sent to Salem, this state, for duty, then to New York, from where he sailed on the Adriatic for France.

In his last letters home he told of the great battle of Chateau Thierry and of his experiences there.

Private Rand was the son of Mr. and Mrs. Jedediah Rand and was born in Hye 21 years ago the Fourth of July of last year. He attended the public schools of Hye and was well known and popular in his home town. He was a student at the Portsmouth High School for three years, later he enjoyed the employ of Mr. Fuller of Hye beach in Boston and he was also at one time employed as a brickman on the Boston & Maine railroad.

## FIREMEN FLOOD THE SOUTH POND

From a storm the Central Station on Court street flooded the South Pond on Sunday afternoon to help out the slushing. Five hundred feet of logs was used attached to a hydrant near the corner on Piermont avenue.

The firemen have two hours to move to the work. If the flooding of Sunday is not sufficient more water will be put on the surface.

If you want to get the news first you only have to read Portsmouth's popular daily, The Herald.

# METAL TRADES PUBLIC FORUM

## League of Nations Under Discussion at First Meeting

The Metal Trades Council held its first open forum Sunday afternoon at 4 o'clock in Odd Fellows Hall. Chairman Peter Henry faced a fairly good audience as he introduced the first speaker, Miss Blise Hill, daughter of late Congressman Hill of Connecticut. Miss Hill spoke of the suffrage amendment and presented a resolution which was adopted. A petition was also circulated asking State Senator Marvin of the 24th district to support the House resolution instructing Senators Hollis and Moses to vote for the Susan B. Anthony amendment to the United States constitution.

The chairman then introduced George Macnulty, Secretary of the Massachusetts Association for a League of Free Nations. The speaker began by saying that this was not only the first of the forum meetings but was the first meeting in New Hampshire in support of a league of free nations, the New Hampshire Association having been formed only last week.

Briefly sketching in general terms the nature and purpose of a League of Nations, Mr. Macnulty outlined the territorial ambitions of Italy and France, and as opposed he disclosed America's unselfish demand for simple justice for all and the means to procure this end.

In February there will begin a nation-wide campaign by co-President Taft and Frank P. Walsh, of the War Labor Board, to awaken interest in the efforts of President Wilson to establish a league of free nations. Nine meetings are to be held, covering the entire country, from ocean to ocean and from the lakes to the Gulf.

The proposed League of Free Nations is to bring into actuality the ideal "Federation of the world and Parliament of Man" and this is to be done by establishing an international Congress empowered to pass laws, a Supreme Court of the World to interpret those laws and International Commissions to enforce those laws, thus creating the legislative, judicial and executive branches of the United States of the World with full authority to properly conduct its national affairs, and to guarantee all rights of the "little peoples" of the earth, and to suppress all undue influence by dominating a commercial nation against the peaceful nations. No nation would have the privilege to declare war against a world united and humanity would be allowed the widest latitude in determining the form of government under which they wished to live.

President Wilson's famous fourteen principles of permanent peace were touched upon. The freedom of the seas, Colonial Justice, equal trade opportunities, a righteous Russian policy, and a broad, comprehensive survey of all human endeavor, untrammelled by unnecessary and secretive restrictions, were declared the purposes of America's President, in contrast to the policy of the old world policy of the empires of Europe.

The speaker made an interesting and instructive address, and answered the many questions propounded in an agreeable and convincing manner, and at the conclusion of his discourse, a ringing vote of thanks was rendered him.

This open forum is to be continued indefinitely. Each Sunday afternoon will be filled by some competent speaker on some timely topic. Both speaker and topic will be announced from time to time and the indications are that this method of public instruction will prove of great value to the attendants.

## A MOVE IN THE RIGHT DIRECTION

The work of flooding the surface of the South pond was begun on Sunday afternoon when Chief Woods had a hydrant stream playing on the ice flooding the surface to make skating.

While the weather has been cold enough to freeze the pond there was snow and rough ice which made a surface that was unfit for skating.

In these days when the health of the people requires outdoor exercise, it is looked upon as the duty of the municipality to provide places for recreation. This city has a wonderful opportunity with the South and North ponds, but they are rarely taken advantage of. There has been a great demand for skating and this move of the city in keeping the South Pond fit for skating is certainly to be appreciated by the young as well as the old.

The speaker made an interesting and instructive address, and answered the many questions propounded in an agreeable and convincing manner, and at the conclusion of his discourse, a ringing vote of thanks was rendered him.

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and To Increase Strength, Vigor and Nerve Force.

## SERATHOL FOR INDIGESTION

Recent investigations of the treatment of a large number of cases of indigestion, dyspepsia, gastritis and conditions arising from hyper-acidity of the stomach prove that there is nothing more effective in the treatment of these ailments than ordinary Serathol, which can be obtained from D. W. Adams' Drug Store in Portsmouth or any good druggist at a trifling cost. Many a sufferer from these complaints has been greatly surprised at the almost instantaneous relief and subsequent permanent freedom from the many cases of indigestion, a result due to the fact that Serathol acts directly on the stomach.

## MANY CALLS FOR AID FROM STEAMERS

(By Associated Press)  
Hullfax, Jan. 12.—Wireless stations along the Nova Scotia coast were busy with receiving wireless calls for aid from ships. The most important was from the *Castalia* to whose help several steamers rushed yesterday on receiving word that she was sinking. The Norwegian steamer *Corgensfjord* and the British steamer *Warrior* were standing by waiting for more favorable weather to take off the crew. The American steamer *C. A. Flagg* sent out a wireless that she was disabled. The steamer *Tuckahoe* reported she was leaking badly but hoped to make port and she was then 100 miles off Halifax and was sent to her aid. The Italian steamer *Isabella* reported 120 miles off Sable Island that she was disabled, her helm being useless.

## MISS HOVEY TO PRESIDE AT MANCHESTER

Miss Sallo Hovey, State Chairman of the N. H. Branch of the National Woman's Party, is to preside this evening at a mass meeting in Manchester, called in the interest of the suffrage resolution passed by the N. H. House on Thursday and now awaiting action by the New Hampshire Senate. The meeting scheduled for eight o'clock in the Manchester City Hall, will be called to order by Mrs. Winfield Lawrie Shaw, chairman of the second Congressional District. The speakers will be Charles W. Tobey, of Temple, Speaker of the N. H. House; Miss Doris Stevens of New York, legislative chairman of the National Woman's Party; and Dudley Field Malone of New York City. Mr. Malone stands out as the man who carried California for Wilson in 1916 and then in 1917 resigned his \$12,000 position as Collector of Customs at the Port of New York, as a protest against the failure of the Democratic Administration to put through the Federal Suffrage Amendment after the President's suffrage promises had been used to win the votes of women in the west. While in Manchester Miss Hovey will be the house guest of Mrs. Winfield Lawrie Shaw.

## SALTS FINE FOR ACHING KIDNEYS

We eat too much meat which  
clogs Kidneys, then the  
Back hurts.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of swelling, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

## RED CROSS NEEDS MORE WORKERS

At the Red Cross sewing meeting on Thursday at the Elks' Home on Pleasant street, thirty women responded to the appeal for workers and a good amount of work accomplished.

An appeal has been sent out from Boston by James Jackson, the manager of the New England division of the Red Cross, asking the women of New England to aid in the work of assisting to make refugee garments for the French and Belgian people who are destitute. One soldier and sailor have fought to make democracy safe for the world and the awful conditions of the civil population of Europe gave them added determination in the fight. These people are in great need of clothing.

In many of the Red Cross Chapters, the local included, there is a tendency for the women who heretofore worked faithfully on surgical dressings and who did much knitting, to now that the war is over, stay away from the Red Cross sewing meetings. For this reason it is difficult to get women to make the garments which the French and Belgian women have asked the Red Cross to give them. After our soldiers have been willing to lay down their lives to obtain victory, are the women going to fall in carrying out their part of the work of helping humanity?

New England has not yet failed in her share of the war work and Portsmouth has gone over the top in several of the war drives. If the large amount of refugee garments can be made and shipped across thousands of lives will be saved.

The local Red Cross Chapter has an all-day sewing meeting every Thursday at the Elks' Home and urges Red Cross members and all other women who can to assist in the making of these refugee garments.

**WARN UNEMPLOYMENT  
MAY PROVE DANGEROUS**  
Washington, Jan. 11.—The possibil-

ity of a dangerous situation, resulting from unemployment was emphasized by Department of Labor officials, testifying today before the Senate Educational and Labor Committee in its study of labor problems.

William M. Leckerson, chief of the department's Labor Administration Bureau, and other witnesses said unemployment has steadily increased during the last four or five weeks because of the actual cessation of industry.

L. K. Frank of the department said that "employers think labor costs should be reduced, but are afraid on account of strikes and unrest to cut wages." Others, he said, are withholding orders, expecting price reductions.

MARVIN TALKS  
ON QUESTION  
OF SUFFRAGE

Wants It Submitted to a Vote of the People.

In reply to an article published in the Chronicle of this date, relative to women's suffrage, I wish to say that in signing the original petition calling on Senator Moses to vote for this measure, I made it plain to the lady circulating the petition that the last clause which called for my support in the senate for suffrage, I eliminated and explained that my signature on that petition did not hold me to any future act in favor of suffrage. Therefore, I am not bound by any agreement, I am in favor of submitting this matter to the voters of the state and if it is decided that the women should have a vote, I will be one who will work for their interest. My conscience directs me to consider the petition of over half a million women in Portsmouth who do not want suffrage.

In several interviews with many constituents in my district, I am positive that they do want suffrage for women under the same conditions as a referendum.

No man has tried to do more for this cause than President Wilson, still the women continue to harass him by their acts in Washington which I have long disapproved of and shall continue to disapprove as long as such warfare on the part of these women is conducted.

As to the Democratic platform, agreeing in this matter, I wish to say that I was nominated before the platform was made and had committed myself on this and other questions.

OLIVER H. MARVIN.

Senator 21st District.

Portsmouth, N. H., Jan. 13, 1919.

## An Ideal Living-Room Arrangement

Of course you ought to have a fire-place for a ppearance's sake, whether you use it or not, and certainly these cold evenings there isn't anything you'll draw to so comfortably as a little blaze over the open hearth.

In front of your fireplace and facing it place the davenport, a nice long, rest easy, glad-to-be-or-service kind of a pattern, and immediately back of that line up the davenport table.

Now, connect your reading lamp, scatter a few chairs around the room, maybe a fender bench, if you want it—and you have a living apartment the gladsome pride of all your family and the admiration of all your guests.

We have many beautiful living-room pieces, and our prices will compare favorably with any you will be quoted anywhere.
